#### **General Details**

#### **Timing Chips**

The event will be professionally timed by Eclectic Edge Timing. The Redmond Run will be timed using a disposable timing transponder, commonly known as a “bib tag” that will be embedded in your race number. Please follow these instructions carefully:

- **Do not bend, fold, expose to heat, crinkle or otherwise modify your race bib** as this will cause your tag to malfunction.
- **Wear your race bib on the front of your shirt, on the outermost layer of clothing.** Not wearing the bib properly at all times during the race may prevent you from being timed, therefore, not included in the results.
- **Be careful not to switch with friends, family or others.** This is simply to assure the time is assigned to the correct person. **It is critical that we have the correct names assigned to the correct people racing for safety reasons.**
- **Make sure you cross the timing mats at the start and finish of the race.**
- **Recycle your timing chip.** Once you cross the finish line, please remove the timing chip via the tear strip on the bottom of your bib and place the tear strip in a container provided by Eclectic Edge Timing. You have done your part in recycling the timing chips to use for other races. Both we and Mother Earth thank you.

Witness the high desert terrain with sparse juniper groves, sage and grasses, and bordered by steep canyon walls. The 5K and 10K will start in Downtown Redmond and run exclusively in the Dry Canyon. The half marathon will follow the same course and extend north on Deschutes County roads and rejoin the Dry Canyon to the finish line. ***Half marathon runners, please run on the shoulder of the road against traffic while on Deschutes County roads.*** All courses will be marked with a combination of the following:

- **White directional cards with red arrows on them – all distances**
- **Yellow signs with RUN and directional arrows – all distances**

**IMPORTANT:** It is ultimately your responsibility to know the course. Please review the maps online and ask questions at packet pick up if you would like clarification.

Interactive and static maps marked with aid stations and trail notes for each distance are available for download on the Redmond Run website: <https://bendrases.com/redmond-half-marathon>. All interactive maps can be sent to the Ride with GPS app on your mobile phone. The app is free and will allow you to view course maps with your exact location. Learn more at <https://ridewithgps.com>.

Listen carefully for faster runners coming up behind you. If you hear 'passing on the left' step to the right to allow them to pass. Also, if you are a faster runner, ask 'passing on your left' before attempting to pass.

We will return lost items via mail at the participant's expense.

## Rules

Before you start, it is important to know that we hold our racers to five fundamental rules. Please only participate if you're willing to honor them!

1. **No Littering. Nada.** We're committed to this. If you're caught tossing away that bit of gel pouch you ripped off as you were running down the trail, you'll be disqualified. No exceptions. We are lucky to be running in an inspiring, beautiful place. It's about respecting Mother Nature and the others using the trails behind you!
2. **Be Kind, Please.** Be kind to your fellow runners – no matter what your goals are for the race – and be kind to the event staff and volunteers. Kindness and Respect – Please and Thank You. It all starts with us. Cheers.
3. **Stay On Course.** Please stay on sidewalks or within the coned boundaries. If you are caught in the streets where sidewalks are available, you will be disqualified. There will be course marshals enforcing this on course.
4. **Choose Fun!** This is your chance to thrive. If it's not fun, then why do it?

## Time Limit

The Half Marathon has a **4-hour limit**. There will be a person on a bike sweeping the race. If you are not going to finish by the limit, we will strongly recommend that you allow us to transport you to the finish line. The race director will have the final say on whether or not you can continue if you exceed the time limit. **The timing mat, medical support and aid stations will be removed at 1:00pm.**

## Injuries and Emergencies

We are pleased to be partnering with Adventure Medics to maximize the safety and well-being of our participants at any point on the course. Adventure Medics' staff consists of skilled emergency medical technicians, paramedics, skilled field operators, and experienced and proven adult educators and trainers. All of their partners and staff are long experienced practitioners specializing in EMS, critical response, and public safety training, all who have a passion for service. The level of medical care we have chosen to provide at our events is virtually unparalleled in the industry as a whole.

Adventure Medics will be based at the start/ finish line (look for the big first aid flag) as well as at several key locations on course. Additionally, the race director's phone number is on the back of the bib to contact in case of emergencies. In the case of a true emergency, dial 911 first, then call the race director at the phone number on the back of your race bib.

If you are unable to finish the race due to an injury, take note of the closest mile marker and let a fellow racer know the mile and your bib number. Ask them to notify the next aid station of your injury and **stay in your location**. If you are by an aid station or are mobile, please return to the closest aid station and the staff will call in for help. Our medical response team will dispatch our closest available medic.

**If you drop out of the race FOR ANY REASON, please notify the race director from wherever you may be immediately. The phone number for the race director is on the back of your race bib.** We will not close the race until every racer who started the race is accounted for, so it is important that you contact us if you have dropped out.
